GAME RANCH MANAGEMENT COURSE

Learn the fundamental principles of responsible and sustainable wildlife management!!!

Start a successful career in conservation and wildlife management with the power-packed 30-day GAME RANCH & WILDLIFE MANAGEMENT COURSE.

This “feet-wet & hands-dirty” course has been developed to teach students the fundamentals of sustainable and responsible wildlife management!!!

Understanding the fundamental concepts and theories behind managing and looking after a conservation area; and being able to successfully apply these concepts in practice is paramount to the success of any game reserve - *and that is exactly what this course is all about.*

Start your career under the mentorship of renowned conservationists, ex-Kruger Park rangers and veterans in in the field; or just join the course for a life changing wilderness experience...the choice is yours, but one thing is certain - what you will learn and experience is priceless!!!

The GAME RANCH & WILDLIFE MANAGEMENT COURSE will provide you with a wealth of knowledge and insights into the responsible conservation management practices.

MODULES:

Habitat Management, Game Breeding, Anti Poaching, Hunting & Cropping, Fire as Management Tool, Bush Encroachment & Alien Plants, Erosion Control, Road Maintenance, Animal Population Control, Water Provision & Rotation, Environmental Monitoring, Wilderness Ethics and much more...
